LETTERS TO THE EDITOR

In days gone by a list of electors would be made before an election. If a name was left off a man could get his name by applying in rural polls and making a statement that he was entitled to vote. That has been all changed. The government report over the "Hillman" case to get a basic list of names for six weeks after the lists are open for adding new names. However, the lists are at all other times closed and if a voter's name is not on he or she shall not vote and there is no way of having names added on election day.

In Montreal the big game seems to keep the names of people who have died or moved away, on the list and then on election day have impersonators to vote for those names. This week the Secretary of State made a bitter attack on Chief Justice Gauthier because of some alleged misunderstanding of the real meaning of the law. R. O'Han's party workers would name 4000 names struck out and the judge hesitated about giving the law. His road was wrong and they should be struck off.

However, if a name has been left off about which there is no question, it can be added by the application of electors before June 29th.

The clash between Mr. Stevens and Mr. Bennett was the most spectacular event of the week. Mr. Stevens recited that the Government had been elected by a big majority in 1930. The people trusted the Government, the Prime Minister and the promises therein contained. Mr. Stevens said: "The ordinary producer is one who has had out. It is a privilege to be invited to take adequate steps to correct those inequities. I submit that to do so is a disgrace to the name of Canada."

He did not blame any party for the loss of foreign markets but he did blame the Government for not going off the Gold Standard in 1920 with Great Britain. On this account our exporters have been at a great disadvantage for all these years on account of the adverse exchange. He said: "We have not solved our domestic problem. We have not solved our unemployment problem and we have not reduced our interest charges or dealt adequately with the wheat situation. The Government came into existence five years ago with high expectations and had been nurtured through with demonstrations on Constitutional Law."

Mr. Bennett was long and spoke by his followers when he arose to reply. He pointed out that he had gone to the Constitution and the Government. He said if people thought that the Government was not doing its duty, they should vote for a new Government.

TOWN COUNCIL

The Council met Friday night, with all Councillors present and Mayor Gaudin presiding.

A report of the Court of Revision was read by the Secretary, in which changes in various assessments were made. The Auditors report was also read. This gave rise to an amendment to the by-law, being put to the meeting. It was that sums should be paid on all dogs over two months old. All dogs were at the next Council meeting. All dogs were paid on all dogs over two months old. All dogs were at the next Council meeting.

The Secretary announced the Convention of the United Farmers of Alberta to be held June 27 and 28 in the Palliser Hotel, Calgary. The program of the Convention was read by Mayor Gaudin. It is expected that the Mayor and Secretary will attend.

The Council will give this ward to drivers of cars in Town. Complaints have come to the Council that several drivers are a menace to the community in that they drive too fast over our streets. The Council will appoint a committee to investigate the matter, particularly children, and the Council will point out that they intend keeping an eye on such reckless drivers and to bring them in book.

SOCIAL CREDIT

A novel entertainment which provided an evening of unalloyed current and laughter producing stunts, was arranged by the Ladies of the Social Credit group and held Tuesday evening in Harmer's Hall.

The evening was a success financially as well as socially in very gratifying to the promoters, the who gave the hospital during the week.

Mr. Hirtle ably filled the duties of Chairman. Mr. McCune of Irteton gave a short address on the principles of Social Credit. Edith and Fred Hirtle delighted the audience with various selections of music—vocally and instrumentally, playing the guitar, violin, and harmonica with much proficiency. Edith also did some tap dancing.

An original number, the words composed by Mrs. W. Saunders and set to music by Mrs. Saunders and Edith Zerke brought down the house, and they were recalled twice.

The words were a parody on the song, "That's My Weakness Now." There were three verses with chorus, the first of which is, "I want Social Credit, Social Credit, What will you do for me?"

The things we've never had Are the things we've used so bad Social Credit, Social Credit, Isn't it plain to see We must have a change of rule Social Credit it must be.

What we never heard of before Social Credit, Social Credit, And that's our weakness now. We want Social Credit.

We never heard of U. P. A. Social Credit, Social Credit, And that's our weakness now. The Social Credit followed with Mr. McNeill whistling the gavel and bag and getting forth the tickets. GRAIN EXCHANGE OFFER TO AID POOL INTO OPERATIONS

Reveals Exchange Suggested Months Ago That Appointment of Pool Man as Government Supervisor Would be Recommended.

In order to clarify the position in view of statements made at Ottawa, the Winnipeg Grain Exchange has issued the following statement:

"On Friday afternoon the Prime Minister in a speech in the House of Commons reiterated the suggestion originally made by Sir John McFarland last October that foreign grain firms were engaged in a bear raid in the Winnipeg market. This allegation was investigated by the Council of the Winnipeg Grain Exchange and was not fully answered in a statement issued and published in the press November 2, 1934, in the following terms:

"On October 1st, Winnipeg newspapers carried an interview with Mr. John McFarland, who is in charge of the government's wheat operations, in which he stated that he would recommend to the government at Ottawa that an investigation be made into the Winnipeg market and would urge the government to make representation to the governments of Argentina and the United Kingdom that they take similar action in regard to the futures markets in Buenos Aires and Liverpool. About October 6th a mischievous report was circulated to the effect of an organized bear raid on the Winnipeg grain market during the two previous weeks appeared in many of the leading newspapers in which Canada. This is a completely unfounded report. From some newspaper sources in Winnipeg it was found that one of Mr. McFarland's value and a content would have many people to believe that there is a supposed bear raid in the market. The facts given in it would have reflected on Mr. McFarland's own position. The title is in accurate and misleading. There was no condition, and as to the trading on the Winnipeg Grain Exchange, this would justify such a story. It reads like the fiction, and to the best of our knowledge, that is just what it is. There is no evidence in the figures showing the market position of grain firms as at September 17th and October 1st, sent by the Council of the Exchange from the Clearing House, and which have been disclosed to Mr. McFarland, that any bear raid was attempted. Mr. McFarland has also been advised by the Council that the international firms whose names have been mentioned in this connection were ready to authorize the Clearing House to make the figures showing their trading available to him.

"The international investigation suggested by Mr. McFarland on October 1st should, in our opinion, not be lost sight of. There can be no argument about the fact that our greatest need is to export more Canadian wheat, and if there is any hope that an independent international investigation into the situation in the Canadian, Argentine and Liverpool markets will disclose anything in the actions of government agencies or individuals that is making it difficult for us to market our wheat abroad, it should be undertaken at once. It would obviously be in the interest of the whole country as well as of our wheat producers. It would, we are sure, be welcomed by the grain trade of Canada.

"The Council of the Exchange is prepared to afford facilities for investigation of the trading operations of all its members, without exception by competent and impartial persons. It such an investigation is deemed to be in the public interest, and has previously advised Mr. McFarland that the Exchange would, in addition, lend all possible assistance to a government supervisor of the kind recommended by the Stamp Commission should the government see fit to appoint one.

"The action of the Winnipeg Grain Exchange in setting minimum prices for December and May wheat of 25c and 30c per bushel respectively was taken at the instance of the Dominion government and in pursuance of the policy the Exchange has consistently pursued of co-operation with the Dominion government and government wheat agency."

"Following the issuance of this statement, Mr. W. Miller, the President, with the authority of the Council, advised Mr. McFarland that the Winnipeg Grain Exchange would welcome the appointment by the Dominion Government, to the position of Grain Exchange supervisor, of George Melvor, who has been assistant to Mr. McFarland since December 1930, and who previously to that was General Sales Manager of the Canadian Co-operative Wheat Producers Limited (the Pool Central Selling Agency). The action of the Council that it was prepared to afford facilities for investigation of the trading operations of all its members, without exception, and as to the appointment of a Grain Exchange supervisor, as suggested by the Stamp Commission, has never been withdrawn. Representatives of the Winnipeg Grain Exchange now in Ottawa are prepared and anxious to appear before the special committee of the House of Commons, which has just been appointed, to meet the allegations which have been made with reference to the bear raid and the supposed artificial short position, and to supply any information which the committee may require."

HERVEY NOTES

The Hervey Stampede is to be held on Saturday, June 29th at 1:30 p.m. at the Kent Brothers farm. Everybody come and bring your friends and relatives to see a real stampede. The small charge is 25c for anyone over 12 years of age.

Mrs. May was in Calgary on Friday. The pupils of Hervey school are eagerly looking forward to the picnic at Delta Vale on Friday afternoon June 29th.

We notice the plowing in Taylor's field has discontinued. Isn't the plow share sharpened yet?

John Kladew and Robert Hagen are busy these days catching insects for their insect collection.

Mr. L. Gade, farming two miles west of Strathmore, and held held dear by all in Hervey, when seen last week looked as if he had had an encounter with a rolling pin, but the facts were, he was coming home from town, and was struck by a passing car, and both he and his horse sprang out on the gravel. He had a wonderful escape, the horse was badly cut.

Some time ago Bert McKibbin had a roller bearing put into an axle on Friday last he motored through the mud on a one horse bus next wagon to Strathmore. After the doctor removed the tooth and the chairman satisfied the inner man, the wagon disappeared, and the horse ran on full tilt again.

John Kent, an old timer of Hervey and wife from Vancouver, after a short visit here motored on to Saskatoon to see relatives, expecting to be back in time for the Calgary Stampede.

A shower was held at the home of Mrs. Knapp for the bride-elect, Bertha Jacobs. Many useful and beautiful presents were received which goes to show the esteem in which this young lady is held.

CROWFOOT

Mr. C. Buckle and Mr. Kenneth Norwood intend leaving on Friday night for Banff. After spending a month in the mountains Mr. Buckle is returning for England. We all join in wishing him bon voyage.

Mr. and Mrs. S. P. Garbutt spent a most pleasant afternoon at the home of Mr. and Mrs. Fred Schumann on Sunday.

Mr. and Mrs. Molins and Dorothy attended the circus in Calgary on Monday last.

Mr. and Mrs. Fred and Chas. Harvey were visitors to the city during the week.

Mr. and Mrs. Swenson have just returned from a motor trip to Great Falls, Montana.

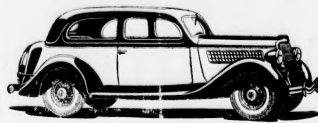

HIGHWAY PROGRAMME

Paving the way for completion of the all-weather highway to Jasper and for work on the trans-Canada highway section to Banff, Hon. Geo. Hoadley arranged for a \$1,250,000 loan, credit in addition to the federal loan of \$1,250,000 for relief purposes while in the East recently. The road projects named are definite portions of the 1935 programme. Mr. Hoadley said.

The Calgary-Banff highway, on which repairs were being made is now capable of travel throughout without detours. Progress is being made on the construction of the small remaining sections of the Edmonton-Banff highway, and graveling of these sections will be done in August, when the road will be completed as an all-weather highway. A further section of the Peace River highway north of Edmonton, will it is said, also be travelled this season.

A total of 159 Junior Grain Clubs have been organized in Alberta this year, with over 2,000 members, compared with 104 clubs in 1934.

BERYL JACOBS HONORED BY SHOWER

—O—
 Miss Beryl Jacobs was again the
 guest of honor at a shower. Saturday
 afternoon last, when Mrs. J. G. Port-
 er and Mrs. W. H. Knapp were
 joint hostesses at the home of the lat-
 ter, in a most delicious shower for the
 bride-to-be. The house was profusely
 decorated with an abundance of lilacs
 which from the exquisite range are par-
 ticularly beautiful this year. There, in
 addition to their lovely coloring gave
 forth a delicious fragrance.
 Merry conversation interspersed
 with choice piano music rendered by
 Miss Florence Garrett and Miss Alice
 May and solos by Mrs. Payne, guest
 of Miss Mrs. Longbottom of Calgary
 and Mrs. Knapp contributed a happy
 social hour.

A recreation by little Wilda Ann
 Balfour, small niece of the house prov-
 ed the piece de resistance.
 At the appointed hour a small wag
 on very dignified decorated in pink
 crepe and tulle, with most beautiful
 gifts was drawn in by little Wilda Ann
 and placed before the honor
 guest, who unwrapped the dainty par-
 trels and passed around for the ad-
 miration of the guests. Following this
 tea was served from an exquisitely
 pretty table carrying out the color
 scheme of pink, which harmonizing
 with the lilacs throughout the room
 made one of the prettiest color com-
 binations possible, pink and mauve.
 Mrs. Jacobs—mother of the bride-to-
 be did the honors at the Tea urn, the
 servers being Wilda Balfour, Rae
 Porterson, and Wanda Knapp.
 About 35 guests were present. Beryl
 was the recipient of many beautiful
 gifts, and the best wishes of all her
 friends.

ROCKYFORD

At the June meeting of the Rocky-
 ford Chapter O. E. S. their birthday
 party was celebrated. Owing to the
 heavy rains our guests were very
 few. A car of visitors arrived from
 Glenora. At the supper hour a spin-
 ning program was given. Those taking
 part were: Saxophone solo by Mr. Rob-
 ertson accompanied by Mrs. Robinson.
 Solo by T. Roberts.

Treat to the visitors and artists
 was given by Mrs. B. Henderson which
 was responded to by Mrs. Hill of Al-
 bertsa Star Chapter, Glenora.
 Solo by Mrs. Watson accompanied
 by her daughter Maxine.
 Ed McLean then delighted every-
 one by a mandolin solo and a musical
 reading.

The beautiful three tier birthday
 cake was presented to the Chapter by
 Mrs. Hill, who spoke a few words on
 how the Chapter has progressed since
 its constitution three years ago. C.
 Bradwell was called upon to say a
 few words as he was the first Patron
 of the Chapter.

To bring the delightful banquet to
 a close everyone joined in singing
 "Oh! Land of the Living".

BUSH FARMING WITH A SMILE

—O—
 The breaking season in our settle-
 ment comes between late seeding and
 early haying—a short season often to
 long for comfort.
 Most of our ordinary chaps wiggle
 out of breaking, if and when ever pos-
 sible. They recognize their own limita-
 tions, and the limited possibilities for
 trouble in a small patch of land
 which looks well and truly cleared. A
 glow in virgin soil will root up, or
 stick diametrically fast in hundreds of
 unsuspected obstructions. Even the
 heavily grazed valley meadows hide a
 mass of immense, water-lugged
 spruce roots, long after the above
 surface parts of the trees have van-
 ished. On the islands, one short, in-
 nocent looking furrow can harbor
 more trouble than you are expected to
 find on the whole patch.
 The small acreage aren't built en-
 ough to attract a tractor outfit from
 outside—which fact keeps our money
 and trouble right at home.

In spite of tradition, experience, and
 annual object lessons, there are
 still some optimistic souls with a four-
 up of fair-sized nags and an old break-
 ing plow, who are anxious enough to
 break you land at three or four dol-
 lars per acre. They actually believe
 they will make money at it. But, by
 the time they have figured out their
 board bill, the horse feed, and the
 breakage, they're lucky if they are
 not away in the hole. They are still
 lucky if they find the ready cash
 waiting them to reimburse them for
 their outlay, and they aren't asked
 to take "cash" in return of the horse-
 men who have "gone in the red" through
 breaking contracts were laid end to
 end and they're stuck three times round
 our soft soil dilemma.

Some men preferring to do their
 own breaking like men, will trade hay
 and harvest work in return for the use
 of an extra team. Others will ad-
 mitting the inadequacy of their own
 outfit, prefer to work away easily
 with it, doing a little breaking and a
 whole lot of acre work every day.
 They often get more practice with
 the axe and less with the team than
 they bargained for.

Of course we have our "rod bustlers"
 who bot everything else as well as
 the soil in their efforts to get over
 the job, regardless. More often than
 not it's a sorry looking job; but they
 generally console themselves with
 the reflection that it will be too good
 darned bad after they've ditched the
 merry devil out of it. They find that
 riding a bucking disc is a flavorless
 joke on themselves.
 "Breakin' is breakin' alright," said
 Harry looking over a four acre patch
 he had just busted. "It was breakin' my
 heart and the horse's heart besides
 breakin' the old plow, three sets of
 double-trees and the harness. I thought
 I'd got it well cleared, but now look
 at it! Looks more like a root factory
 than anything else—and not little
 roots, either. I'll bet you the disc will
 turn up as many more again. I'll have
 earned that land five times over, be-
 fore I can get a crop off it. But then
 he grinned, "I've got something to
 show for all my work, and I've had
 my fun winnin' the 'wrestlin' match'.
 Well—that's one way of looking at
 breaking.—P. M.

We would like to have our readers
 give careful attention to this article
 on Bush Farming which has been tak-
 en from the Calgary Herald.
 When one compares the difficulties
 encountered by those who try to
 raise a farm out of land covered with
 timber, with the ease of bringing this
 prairie under cultivation, we should
 all offer up a prayer of thanksgiving
 for the privilege we enjoy in this so
 called growth area.
